

## MEN IN MIND IN HOPKINSVILLE

People of Prominence In The Pearl City of The Penny-royal.

### BIOGRAPHICAL SKETCH NO. 14.

Thos. E. Wyatt Manager of the W. A. Chambers & Co. Wholesale Grocery.

One of the largest and strongest individual factors in the prosperity of Hopkinsville is what we may call the "The Todd County Colony." That is the natives of Todd county, who have come over the line into Christian and worked their way into prominence in every walk of life. They are prominent in the professions, in the trades and in every phase of our commercial activity.

THOS. W. WYATT.

Conspicuous among these most desirable citizens, is Thomas E. Wyatt, the general manager of the W. A. Chambers & Co. Wholesale Grocery.

He was born in Todd county and like many of our successful men was raised on a farm. He was educated in the schools of Elkton and when he reached manhood embarked in the tobacco business at Lewisburg, Ky., with his father, W. S. Wyatt. After some time he went to Elkton, Ky., to clerk in the grocery store of Boone & Williams. There he remained for several years learning the grocery business in all its details and finally

bought out Mr. Boone and the firm became Williams & Wyatt. He developed business qualifications of too high an order to confine his energies to a small town and in 1912 he disposed of his business in Elkton and came to Hopkinsville as general manager of the Chambers wholesale house. Here his field has been wider and he has steadily added to his reputation as an alert energetic and far-seeing business man. The house of which he is the local head, now in its seventh year, has increased rapidly in commercial importance and is now one of the most important and substantial commercial establishments in the city. Its territory includes a wide scope throughout Western Kentucky and Mr. Wyatt is making his house known far and wide for its prompt and reliable attention to orders and for the satisfactory character of all goods handled.

Mr. Wyatt's family consists of his wife and one bright little boy and they are factors in the social life of the city as well as in other avenues of prominence. If Todd county has any more citizens like Tom Wyatt that she can do without, we would like to have them.

Tuesday's game was a slow uninteresting game, scoreless on both sides until half over. It was tied in the ninth by Clarksville and won by the locals with only one out.

Present indications are that a hostility to replace the famous Lookout Inn, which burned several years ago, will be erected upon Lookout mountain during the present summer. The new hotel will cost approximately \$250,000 and practically all of the stock has already been disposed of. The want of adequate hotel facilities upon Lookout has been accentuated since the completion of the new electric surface line.

We are prepared to do all kinds of high grade job printing. Try us.

#### Blue Hogs.

A breed of blue pigs has been developed by George C. Griffith, a Harvard graduate of Southern birth, who is described as "a lawyer by profession, but a farmer by choice." C. L. D. Seymour, who conducts the "Better Stock" department of Country Life in America (Garden City, Macrh), tells us that he has seen hundreds of the beasts and assures us that they are really blue; that is admits, "not exactly a sky blue" but nearer blue than any other color.
